ABOUT ME

Skilled and creative front-end developer with four years of experience delivering user-focused solutions across diverse projects, including dynamic landing pages, service-based dashboards, and large-scale applications. Skilled in modern frameworks like React.js, Vue.js, and Next.js, as well as foundational technologies such as HTML, CSS, and JavaScript. Familiar with backend workflows, including Node.js, Express, and MongoDB, enabling seamless collaboration with backend teams. Adept at building responsive, intuitive interfaces and enhancing UI/UX through innovative design and meticulous attention to detail. A strong communicator and team player, I collaborate effectively with cross-functional teams to ensure seamless project delivery.

WORK EXPERIENCE

Senior Front-End Web Developer

Freelance

2023 - Present

Freelance

- **Front-End & UI/UX Development:** Create advanced web applications using React JS, Vue JS, TypeScript, Tailwind CSS, Bootstrap, SCSS, and Figma. Collaborate with back-end developers for seamless integration.
- **Web & CMS Expertise:** Design and develop responsive websites, landing pages, and e-commerce sites using WordPress, ensuring high functionality and user-centric design.

Front-End Web Developer

Sep 2023 - Sep 2024

GrooveDigital

Full-time remote position with a USA-based company

- Enhanced web applications using Vue.js, Vuex, Tailwind CSS, and SCSS to address bugs, refine styling, and introduce new features.
- Refactored old code to improve maintainability and performance.
- Developed a dynamic white-labeling system to accommodate various brand identities within GrooveDigital applications.
- Optimized applications for responsiveness across all device sizes.
- Collaborated with the backend team to integrate RESTful APIs for seamless data interaction.
- Worked with cross-functional teams across time zones to ensure project integration and efficient communication.
- Utilized Storybook for building and documenting UI components.

Front-End Web Developer

kreatinc

Jul 2022 - Sep 2023

Initially full-time on-site, transitioned to a hybrid work model

- Built responsive landing pages with dynamic details and colors that could be edited through a dashboard.
- Developed and optimized interactive dashboards to improve functionality and user interaction.
- Created responsive email templates with HTML and CSS, ensuring compatibility across multiple devices and platforms.
- Produced high-quality dynamic prints (PDFs and postcards) using HTML and SCSS, maintaining brand consistency and visual appeal.
- Collaborated with cross-functional teams to deliver innovative solutions that addressed key project challenges.

Freelance - Front-End Web Developer

Pluginex Digital

May 2021 - Jan 2022

Full-time - On-site

- Developed e-commerce and preview websites using WordPress, enhancing hands-on experience with front-end and CMS technologies.
